FROM THE

bethel town office

The Board of Assessors met Tuesday evening, May 24, at the Town office. The Board spent considerable time reviewing the 1983 property assessment progress to date and discussing various problems involved with the possible factoring of property values. Field work is substantially finished in a concented effort to have tax bills out to property owners in July, a month earlier than last year.

The Manager presented the Assessors a written condensation of facts and recommendations regarding resolutions of claims and counter claims by some landowners with properties bordering on the Bethel/Woodstock town line. Over the years, confusion arising from different terms in deed and

Directors' Meeting

The Board of Directors of S.A.D. 44 met in regular session in the Telstar Library on Monday evening of this week following the adjournment of the Annual District Budget Meeting.

Representatives of a Woodstock parents group were present and told the Directors of work being done in their area in favor of reinstituting the building project for elementary facilities in Woodstock. A contingent of Andover parents expressed their dissatisfaction with the current pupil-teacher ratio at Andover Elementary School as compared with some of the other elementary facilities in the District.

The Board gave "first reading" approval to revision in the District policy concerning "Suspensions and Expulsions" and "Drug Use/Abuse" (now retitled "Student Health Policy on Chemical Dependency").

WOODSTOCK TOWN PARK COMMISSION FORMS

Wednesday evening was the first meeting of the Woodstock Town Park Committee. The group is pursuing purchasing the field across from the public beach and re-routing the road for the safety of everyone using the town beach. The Conservation Commission has agreed to the upkeep of a park, if the residents go for the idea.

Marcel Polak, chairman of the Conservation Commission, is checking with the State for estimated costs of changing the road back away from the beach. The cost of the property is $13,500. Through Land Conservation funds the town would only need to come up with half the total amount.

A special town meeting is planned for the last of June to vote on this proposal. Anyone interested in more details is welcome to come to the next meeting on Tuesday evening, May 31, at 7:30 at the Woodstock Town Hall.

Due to the lack of mail service on Monday, May 30, because of the observance of Memorial Day, The Citizen requests ALL contributors to submit material for the June 2 issue as early as possible.

A trip by both groups to the Andover Satellite Station is planned for Saturday as well as a tour of the Western mountain area.

COHEN AND SNOW ANNOUNCE BETHEL AREA FLOOD STUDY

Sen. Bill Cohen (R-Maine) and Congresswoman Olympia J. Snowe (R-Maine) have announced that the U. S. Soil Conservation Service has agreed to provide $115,000 for a flood plan management study for the Bethel area. The study will look specifically at flood damage through the Androscoggin River and its tributaries in the Bethel area.

"Proper flood plain and shore management is essential if we are to avoid loss of life and minimize damage from future flooding in this area," said Cohen and Snowe, "and this study will be an excellent way to examine the problem in more detail and search for solutions."

Cohen and Snow noted that past flooding in the area has resulted in severe erosion along the river's banks as well as other damage.

The agency will be joined in the study by the Town of Bethel and the Oxford County Soil Conservation District. The study is due to be completed late in 1984.

EAST ANDOVER
— Mrs. Marjorie Jodrey, Cor. —

On Wednesday evening, May 18, the Andover elementary students held their 1983 spring "hoe down." A very enjoyable program. The children from kindergarten through grade 6 demonstrated the square dance routines taught to them this winter by physical education teacher, Raymond Miclon of S.A.D. 44. A very good job I heard many say and hope it wil be taught again next year. The biggest problem was not enough girls to go around so some boys had to dance together but all seemed to have a good time. The teachers also got in on the fun and gave a demonstration which was greatly enjoyed by the children. The Mollockett Mixers were well represented and danced to show the children just what fun square dancing could be. Mollockett Mixers represented were. Polly and Dick Johnston, Norma and Freeman Farrington, Carol and Otis Morton, Betsy and Don Mixer, Mary Newcomb and Jim Dalgard, Jackie and Arlan Farrar, Rose Reed and Al Gallant, Erroll Arsenault and Paula Putnam. After the dance punch and cookies were served to all who wished to stay.

Rev. and Mrs. Norman Rust were in Bangor last Tuesday to attend the Grand Chapter of Maine, Order of the Eastern Star.

Mr. and Mrs. Kenny Nevel and son, Ryan, of Florida, spent a few days with his sister, Mr. and Mrs. Glen Fyrberg and Jenny, before going to Nahamakanta to visit his parents, Mr. and Mrs. Paul Nevel and his brother, Mr. and Mrs. Barry Nevel.

Mr. and Mrs. Richard Johnston had the Mollockett Mixers over for cake and coffee after the Andover Elementary School's Spring "Hoe Down".

Miss Maryanne Jaros arrived home for a visit with her parents, Mr. and Mrs. Charles Jaros and family, before starting her summer employment.

Mrs. Jenny Rice of North Waterford visited her daughter, Betty Rust, and family, on Saturday. She was accompanied by Robert and Hilda Rice of Dunedin, Fla.

Andover Cub Scout Troop 573 held their Blue and Gold Banquet at the Andover Elementary School Gym, Friday, May 20. Five Tigers became Cub Scouts. Some Cub Scouts received Bear and Wolf Badges. Five Webelos flew up to Scouts. All Scouts and leaders received a small American flag pin given by Veterans of Foreign Wars. Leaders and helpers also received special awards. Maurice Bauer of Mexico awarded badges. Rex Thurston, Cub Master; John Freeman, Scouting Coordinator; Ann Bishop, Committee Chairperson; Secretary and Treasurer, Norma Plantier; Webelos Leader, Ralph Manning; Den Mothers, Heidi Bean, Linda Clark; Assistant Den Mothers, Karen Milligan and Rosemary Casavant, received awards. Some of the Cub Scouts who received their Wolf Patch are now ready to become Webelos. A delicious buffet supper was enjoyed by all. A large crowd of parents and grandparents, aunts, uncles and sisters were present.

Mr. and Mrs. Arthur Whitten returned Sunday after visiting a month in California with friends.

Rev. Norman Rust's sermon topic on Sunday, May 22, at the First Congregational Church was "Living the Covenant". Greeters were Margaret Learned, Melinda and Tricia Mills. Youth Group met at 6 p. m. at the Church. Sunday, May 29, is Family Sunday and Sunday School Day. Awards will be given out at this service. Plan to attend with your children. Rev. and Mrs. Norman Rust visited friends in Dover-Foxcroft last Tuesday.

On Saturday, another of the town's landmarks bit the dust. The "Little House" at the edge of the Elementary School ball field was bulldozed down by the Arthur Myshrall crew. It was built some 50 years ago by Clarence Jodrey.

A trip to the Norlands in Livermore was enjoyed by Norman and Betty Rust, who helped chaperone the 4th and 5th grade from Andover Elementary School on Friday.

Greenwood City
— Mrs. Colista Morgan, Corres. —

This has been a beautiful day and mid-afternoon I pushed my boat into the water to go fishing and exploring. It was my first time out this spring. Like the bear who went over the mountain, to see what he could see; I was out to do the same.

A duck near the boat was the first to speak to me. Then he flew away.

On the back shore and all down the pond the bushes were full of red winged blackbirds, tuning up everywhere. Some had built their nests and were on guard.

The water was transformed into a brilliant crystalline boulevard and the mountain air was delicious.

One lonely sandpiper and one painted turtle watched me come and go.

Turning into the Sanborn River I noticed paths of animals on its shores. Though quiet on this end today, I saw signs of high water where it had churned and tumbled as it twisted its way through banks and swirled in foam laced whirlpools, as it made its way down to the pond. Today, the movement on the pond was an uneasy whispering.

Three mallards took to the air. They climbed high, the sunlight caught the color of the wing bars, the pearl gray of the undersides, and the splash of bronze. It was all over in a moment, as I sat watching.

Old leaves crumbled and soft, were lodged in places on shore, where they had drifted into the ripples; grew tired and waited.

I liked the reflections and the way the sunlight and shadows hit the pools. The water was clear and cold beneath the soft rhythmic swish of the oars.

There was a crooked ash laden with leaves which leaned far out over the water, while at its roots the ferns were lush and thick.

Spruces stood tall and black against the sky.

Turning back toward home the wind helped me up pond.

At four o'clock the sky had dark clouds flecked with low white ones. Everywhere the trees cut into the dark sky like a photographer's negative of a dandscape.

The mountains began going on and off like neon signs—sunout sun on. At four thirty the sky was clear again, nothing was left but an unreal blue and a few low clouds in the north.

I was now back and ready to fasten my boat and yes, I did catch some fish—four. Adding to this there was oriole in the ash by the shore calling, "I'm here, I'm here."

I informed him, "I am, too."

—

Albert Curtis and family, Buckfield, were visitors at Fred and Rena Curtis'. Lee Ann Pease and son, Jeffery, of Farmington and Evelyn Heikkinen and grandson of Mexico, were callers also.

Doris Hayes and I attended the Retired Teachers at Oxford on Saturday.

Nestor Tamminen, who is a patient at Stephens Memorial Hospital, is some better at this time.

Dale Mills, Shapleigh, called to see us Sunday.

Happy birthday to my grandmother, Flossie Twitchell, who was 96 years young on May 25.

West Paris

— Mrs. Marian Chase, Corres. —

To West Paris graduates, years 1948, 1949, 1950: Since June 11, 1983 is the date of the annual West Paris High School Alumni Banquet, a few of us from the class of '49 thought it would be fun to get an early start at 10 a. m. with a picnic at Abott's Anchorage in Bryant Pond. We chose the early start so everyone will attend the Alumni Banquet the same evening. We are sending out copies of this invitation to each classmate and their spouses for the years '48, 49, and '50. It is also our intention that any interested graduates of W.P.H.S. either before 1948 or after 1950 join the party. Everyone should bring their own food and drinks, fireplaces and and wood will be furnished. Bring your own barbecue and charcoal if you wish. Swimming, volleyball and horseshoes are available for those who are sport-minded We are hoping everyone will attend so we can have a real celebration. Teachers will be invited also. If there are any questions, please contact one of the following: Richard Abbott, South Paris; Beverly Glines, Norway; Warren Emery, West Paris.

The Historical Society met Monday, May 16, for a supper and meeting. Members are reminded to bring in their old recipes. The June 20 meeting will be a picnic at Snow's Falls, weather permitting. The program will be Show and Tell.

There will be a benefit supper for Ray Stone on June 4 at West Paris Fire Station at 5 p. m.

Mrs. Minnie Buck is a patient at Stephens Memorial Hospital.

Mr. and Mrs. Chester Hazelton went to Boston on Sunday.

North Paris

— Eveline B. Vatcher, Corres. —

It has been nice to have the sun shine the past week, along with a shower or two. The heavy frost Thursday morning with temperatures at 22° chilled some of the asparagus plants. Only two or three of the cultivated strawberries were blossomed so maybe the frost won't hurt them. Hope we have a few berries.

Thank you, Fred Judkins, for the nice grapefruit from Florida. We were out checking on the reports from the supper and dance held at West Sumner Grange Hall on May 21 and the reports were very good and the money will benefit several.

Mr. and Mrs. Joe Reidy of Tyngsboro, Mass., have been at their trailer on the Trask Road for the past 10 days. Her parents have been with them. They went to the Mock Hee Haw Show at West Paris Friday evening and loved it all. They went to the benefit supper for Othie Buck on Saturday and to the dance at Sumner. They were so surprised to see the many people out for dancing but there wasn't any room to dance.

My husband brought me a bouquet of jack-in-the pulpits that he picked while looking for Mayflowers.

Mrs. Rhoda Vatcher spent the week end at her home.

Callers at Lawrences: Mr. and Mrs. Herman Card, Arnold Coffin, Mr. and Mrs. Norman Abbott, Jo-Anne, and Joe and Eveline.

Mr. and Mrs. Joe Vatcher went to Danvers, Mass., in the pouring rain Friday to see Joe's mother, Mrs. Fannie Vatcher, at the nursing home and took her out for the afternoon. We also went to the graves of Elsa Vatcher and Harold Vatcher and put our memorial flowers. It is warmer there so flowers don't freeze the night before Memorial Day like they do here. They stayed overnight with Mr. and Mrs. Robert Anderson and attended the Richard-Anderson wedding at St. Margaret's Church, Burlington and the reception in Waltham, Mass. The reception was held in the same building that President Reagan came to for the two appearances he made in Massachusetts. Two other receptions were being held in the same building at the same time. After the reception, a family get-together was held at the home of Mr. and Mrs. Robert Anderson, Sr., and attended by over 100 people.

When Joe and Eveline got home they rode over to West Sumner to see if anybody went to the dance at the Grange Hall. There wasn't a place to park at 9:30 p. m. and the hall was so full of people, that one couldn't dance, so they returned home. Glad to see that "The Parisians" were so well remembered. The proceeds from the supper and dance will be used for a good cause. Everyone looks forward to another dance next spring.

Mrs. Laura Kalinowski has returned to her home after many weeks in the hospital. We wish her a speedy recovery.

THANK YOU

I would like to express my appreciation to all my co-workers and friends for the lovely party, cards and gifts. Sunday was a day I will always remember.

Thank you all.

HELLO, REMEMBER ME?

Some people call me Old Glory, others call me The Star Spangled Banner, but whatever they call me, I am your flag, The Flag of The United States of America.

Something has been bothering me, so I thought I might talk it over with you, because it is about you and me.

I remember some time ago people lined up on both sides of the street to watch the parade and naturally I was leading every parade, proudly waving in the breeze. When your daddy saw me coming, he immediately removed his hat and placed it against his left shoulder so that his hand was directly over his heart, remember? . . And you, I remember you . . . standing there straight as a soldier. You didn't have a hat, but you were giving the right salute. Remember little sister? Not to be outdone, she was saluting the same as you—with her right hand over her heart. Remember?

What happened? . . . I'm still the same old flag. Oh, I have a few more stars since you were a boy. A lot more blood has been shed since those parades of long ago. But now I don't feel as proud as I used to. When I come down your street, you just stand there with your hands in your pockets. I may get a small glance, and then you look away. Then I see the children running around and shouting—they don't seem to know who I am. I saw one man take his hat off, then look around. He didn't see anybody else with theirs off, so he quickly put his back on.

Is it a sin to be patriotic anymore? Have you forgotten what I stand for and where I have been? Anzio, Guadalcanal, Korea, Vietnam. . . Take a look at the Memorial Honor Rolls some time, of those who never came back to keep this Republic free. One nation under God. When you salute me, you are saluting them.

Well, it won't be long until I'll be coming down your street again. So, when you see me, stand straight, place your right hand over your heart and I'll salute you by waving back and I'll know that YOU REMEMBERED.

MAINE KIMBALLS TO HOLD ANNUAL REUNION IN BETHEL, JUNE 18

The Annual Reunion of Maine Kimballs, descended from ancestor in Common, Richard Kimball, Ipswich, Mass., 1637-1676, is to be held at the Moses Mason House, Bethel, on Saturday, June 18, according to Maine Chairman Gordon L. Kimball of Gray.

Registration will start at 10 a. m. and anyone who had a Kimball grandparent is urged to attend and meet their Kimball cousins. This is the fourth reunion in Maine and the first in Bethel.

Help will be provided by Kimballs trained in genealogical research to those seeking aid on lineage. The Historical Society archives at the Museum also provides many useful sources.

There will be some local Kimball Memorabilia exhibited. Kimball descendant, Dr. Stanley Howe, Director of the Museum, will have costumed Museum guides available for tours of the Museum.

Those attending are asked to bring bag lunches unless they wish to avail themselves of local restaurants. Morning coffee and food will be served during registration.

Chairman Gordon Kimball will conduct a business meeting in the afternoon and it is expected that National Kimball Family Association President, Walter K. Fales of Royal Oak, Mich., will speak briefly. His roots are in Bethel due to his mother, the late Alice Kimball Fales being a native. Also attending from National KFA will be the Newsletter Editor and husband Col. and Mrs. George H. Kimball of Kittery, and probaby Past President Albert Hall, Concord, N. H., who is on the Board of Friends of Kimball Castle, Guilford, N. H.

Dr. Howe will give a brief history of the Moses Mason Museum and also show slides of local Kimball people and places, along with commentary.

The National Kimball Family Association founded in 1968, as result of a reunion held at North Bridgton, Maine's Bridgton Academy, holds annual reunions and its 15th will be at New England College, Henniker, N. H., the week end of Aug. 12, and information will be available at the Maine Reunion.

LAW ENFORCEMENT OFFICERS TO BE HONORED MAY 29 BY CHURCH OF THE NAZARENE

The Bethel Church of the Nazarene is calling Sunday, May 29. Law Enforcement Officers Appreciation Sunday, and will be honoring our local officers during the morning worship service, 10:30 a. m. and also with a fellowship pot luck dinner at the church following the service.

The Church wants our law officers to know that the community people appreciate them and their work on our behalf. It is not an easy job, and one that is many times seemingly not appreciated and not given public recognition. The Church feels that our law officers are a vital part of our community life, and that we are, in fact, admonished in the Bible to respect and obey them, and to support them.

Everyone is welcome to the service and dinner.

To the Editor:

In the school year '67-'68, I was a sophomore attending Woodstock High School. Prior to that the area towns consolidated to form S.A.D. #44 and subsequently created a new district high school.

It is my understanding that the citizens of Woodstock, although not anxious to send their children to a high school in another town, became convinced of its necessity upon hearing the findings and recommendations of state officials who had evaluated the building for its safety.

I now have a son attending the Woodstock School, the same school deemed unsafe for me 15 years ago. Indeed, we are fortunate no disaster has occurred in those 15 years. However, given the age and condition of the building, every year that passes increases the risk factor.

The state has again evaluated the building and placed it at the top of their list of school buildings needing to be replaced, second only to an elementary school that burned down.

Given the information I've received we have two choices. We can either spend a large sum of money to upgrade a building that will still be old or we can spend a lesser sum (by receiving state aid) to build a new school that will fit the needs of our students.

As a Middle School Basketball Coach, I can also see the need of a new gymnasium for the district as the Telstar gym which is presently serving eight teams is hopelessly crowded and inadequate.

Our need of a safe new school to educate our young people is real. Please vote in favor of replacing the Woodstock School when it comes to referendum again.

Respectfully submitted,
Wayne E. Howe

Dear Public:

I am writing in regards to the Bethel Area Health Center. I once again after 3 years decided to give them another chance that they perhaps had improved, but again I ended up getting let down. I feel that it would have to improve a darn sight better before I ever step through those doors again. Theresa has been seeing Dr. Handanos in Rumford for the past three years and after this episode on May 17 at the Health Center I will continue to travel to Rumford. They could not take 5 or 10 minutes of their precious time to check my daughter nor my friend's little girl, when there was only one other lady in the waiting room. I know some of you think the sun rises and sets in that building, but I certainly don't! If you'd had the luck I have with them you might understand why I'm finally speaking up for myself. If any of you think I am wrong in writing this just give me a call at 824-3133 and I'll give my reasons. I strongly feel that if you have the right name or amount of money you can receive their services if not then forget it.

Respectfully yours,
Grace C. Gibson

Songo Pond

— Mrs. Ralph Kimball, Corres. —

Saturday night I enjoyed the Concert at City Hall in Portland of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America as a guest of Mr. and Mrs. Herb Adams of Hanover. Several groups from several northeastern states took part as guests of the Portland Downeasters. We also enjoyed dinner before the concert at a restaurant.

Mr. and Mrs. Jack Parsons returned home Friday from their recent visit to Denver to visit her sister there. Their son, Tom, joined them for a week from his home in Florida. While visiting friends in Wyoming they became snowbound from a late wintry blizzard. Jack's brother, George Parsons, joined them in Denver and came on here with them for a visit.

Jimmy Kimball has been under the doctor's care in Portland several days last week and then entered the Osteopathic Hospital of Maine on Thursday. He will undergo by-pass surgery Wednesday morning. Mrs. Christine Kimball has been driving back and forth each day.

Mrs. Jennie Perkins was returned to the Stephens Memorial Hospital last Thursday night where she remains a patient.

Herbert Stone, South Paris, husband of the former Merlie Kimball, entered the Maine Medical Center, Portland, last Monday and underwent surgery there Tuesday morning. Mrs. Stone is staying with her daughter, Miss Judy Stone, R.N., in Portland.

Mr. and Mrs. John Kallis spent a few days over the week end in Hingham, Mass., with their son and family and called on other family and friends in the area before returning home.

Sarah and David Bean of Otisfield spent the week end with us. Their mother, Amber and Jonathan came after them Sunday afternoon.

I spent last Thursday and also Monday with the Bean family in Otisfield.

Mrs. Adrienne Gallant and Wendy Driscoll, Ethel Bisbee School teachers, were supper guests Tuesday evening of Mrs. Norma Salway and family.

BOWDOIN STUDENT TO SPEND JUNIOR YEAR IN GERMANY

John Feeney, a junior at Bowdoin College has been accepted as a participant in Wayne State University's Junior Year in Germany: Munich Program. Students will arrive in Munich in early September and receive a six-week orientation before beginning course work at the University of Munich.

The Junior Year in Munich Program will end toward the end of June 1984, after two semesters of study under the tri-semester system at the University of Munich. A six-week vacation between semesters should enable students to enjoy some travel and sightseeing.

As a German/History major at Bowdoin, John feels that this program will greatly enhance his development in both areas of study.

John is the son of Donald and Ruth Feeney of Bethel and a 1981 graduate of Telstar Regional High School.

THIS WEEK AT THE MOSES MASON HOUSE

All members and friends of the Bethel Historical Society are urged to attend the Fourth Annual Faye Taylor Memorial Art Show at the Moses Mason House Saturday, May 28, 10 a. m. to 4 p. m. Student art from throughout S. A. D. 44 will be on display and prizes are being offered in the elementary and upper divisions. There also will be an adult competition for the Faye Taylor Memorial Landscape Award, the prize donated by the Bethel Savings Bank where Mrs. Taylor was long employed until her death in 1972. Mrs. Taylor, a Charter and Honorary Member of the Society was a local artist of note and very interested in art for young people. The annual art show sponsored each year by the Society, honors her memory.

On Sunday, May 29, the Bethel Historical Society will honor the memory of Dr. Moses Mason (1789-1866) with an informal reception at his home, now the Society headquarters. Dr. Mason was born 194 years ago in Dublin, N. H., and became the leading citizen of Bethel in the early part of the 19th century. His career included two terms as United States Congressman from Maine. His house is on the National Register of Historic Places, placed there in 1972, the first such structure accepted in Oxford County. Each year the Society honors his memory with a birthday party complete with cake and punch, craft activities and a golden opportunity to wander about the house and feel what it must have been like to live in his time—more than a century ago. Anyone interested is cordially invited to attend.

All members and friends of the Society are also reminded that the monthly meeting will be held on Thursday, June 2, at 7:30 p. m. Paul McGuire, History Department chairman at Gould Academy, will make a presentation, "The C.C.C. and the Maine Woods."

C.P.S. SPRING CONCERT

continued from Page One

tors Conference in April. Receiving awards were grade four students Gena Morgan and Jennifer Gould, and fifth grader Kevin Davis. The students' parents and teachers joined the young authors on stage for recognition. The Crescent Park/Ethel Bisbee TAP group bought the students an autographed book by Jane Yolen, whom they met at the conference.

Principal Tracy announced the top five grade four scorers in the Continental Math League. The students participated with other students in the same grade level from schools all over the United States. Shannon Cross, Gena Morgan, and Amy Laban received certificates of distinction from Mrs. Tracy while the top two scorers, Nathaniel Buckman, second place, and Emily Keyes, first place, received bronze medals of honor.

Ms. Mitchell started the musical part of the program by explaining the grade three performance of "Billy the Kid", a ballet of songs and drama. Barbara Ferguson's students sang the songs first, then Shirley Merrill's students acted out the musical story on stage, outfitted in western costumes. Nathaniel Craig, delighted the audience when he offered his own gun to his enemy during the draw with Jason Crockett.

The fourth and fifth graders showed the audience a variety of music talents as they opened up the "It's Music" performance with a musical tour of American music. Choral and solo singing, dancing, acting, and speaking were highlights of the program which was performed with an instrumental tape used in the background.

The fourth and fifth graders made a good impression on the audience as they carried out the musical history tour with fifth grade narrators Marlies Ouwinga and Kevin Davis. The fine performance was also a compliment to its director, Ms. Michell, who again showed her superb ability. Her work and organization with elementary children is exceptional. Congratulations go to all the students, staff and volunteers of Crescent Park School for bringing such fine talent to the eyes and ears of its citizens and friends.

During the intermission, Mrs. Tracy presented a plaque from the district elementary teaching staff to retiring reading teacher Mabel Kennett. Mrs. Kennett was escorted down the aisle by her son, Edward, as elementary teachers lined the aisle to honor her.

ORIENTATION DAY AT TELSTAR MIDDLE SCHOOL WEDNESDAY, JUNE 1

On Wednesday, June 1, Telstar Middle School students in grades 6, 7, and 8 will be dismissed at 11:30 a. m. so that next year's incoming students may have an Orientation Day.

Sixth grade students will be transported to Telstar Middle School from the Andover and Woodstock schools and fifth grade students from Crescent Park. Students will arrive at Telstar at approximately 10:45 a. m.

The program will consist of a modified schedule similar to their next year's schedule. This will include meeting with their physical education, home economics, art or industrial art teachers as well as their academic teachers. The teachers they meet will not necessarily be the same teachers or classes that they will have next year, as scheduling for next year is not complete. A brief description of the courses will be given to students by the various subject matter teachers.

Also, students will have lunch in the cafeteria. Hot lunch may be purchased for 65 cents or students may bring a bag lunch. Milk may be purchased for 15 cents a carton. Students will pay for lunch as they go through the lunch line.

Following the program, at 2:05 p. m., students will be transported home from Telstar by bus.

Parents are also invited for an Orientation on Wednesday, June 1. Parents will meet at 12:45 p. m. in the Telstar Library for an overview of the Orientation which will include: a meeting with the Middle School Principal, Walter Phillips, to receive parent schedules, visits to classrooms with teachers, and a final meeting in the Library with Mr. Phillips. If the afternoon is not convenient, an Orientation for parents will also be held the evening of Wednesday, June 1, at 7:30 in the Telstar Library. Parents are urged to attend one of these seminars.

A rainy Monday after a beautiful week end. Imagine a lot of people did work in their gardens—ours isn't even plowed. Saturday afternoon I went to Albany and picked up Aunt Sarah Andrews—we then went to the yard sale at Jim Perkins at Hunts Corner. Sunday, George went hiking King's Ravine Trail in New Hampshire. Frank and I drove to Kents Hill. What a lovely day for a ride! The tulips (mostly red and yellow) were beautiful with their backgrounds of green grass. So many of the yards had flowering crab trees in full bloom. The season must be between a week or two ahead of us just that distance. Some of the apple orchards were in full bloom also. I had to go into town Friday and when I got home Friday afternoon, George had gotten in from Florida. He already has a good summer tan. He spent a lot of the time with Floyd (Sonny) Kimball Jr. They went out shrimping and clamming and George visited some of the attractions while there.

Betty and George Gilbert had her nephew, Bruce Smith Jr., and family, Winterport, as Saturday overnight guests. Saturday for supper the Gilberts had Mr. and Mrs. Bruce Smith and two girls; Mr. and Mrs. Harlan Johnson and three children, Norway; Mr. and Mrs. Russell Smith and two children, Norway; Phyllis and Bill Bancroft, Albany; Grace Morrill, Mason; Randy, Mindy, Kayce Gilbert, Mason; Ronnie and Justin Gilbert, West Bethel. They had a beautiful day and it is a lovely place to get together in the back yard.

Andy Smith, son of Mr. and Mrs. Homer Smith, Jr., celebrated his 14th birthday at his home Sunday. Larry and Shawn Smith, North Conway, N. H., spent Saturday night and Sunday with his parents. Tobey Walker, West Bethel, spent Saturday and Saturday night and Sunday with Andy. Donny, Christine, Travis and Brian Bachelder visited at Smiths both days. Also for the cook out, cake and ice cream Sunday were Doug, Bruce, Didi, Adam, Matt and Mike Smith. Christine Bachelder made the cake.

Friday night, Jeff Hutchins, Misty and Shilo; Daniel Hannon and Mary Beth went to the music concert Friday at Telstar. Mary Beth Hannon and Shilo Hutchins participated in the program. Amy Hannon went to Darcie Moffett's house Friday to help celebrate Darcie's birthday.

Lead Thou the Way

Each time I speak let what I say
be of Thy Word.
For those who listen shall be
blessed for having heard.
Of what I do let every move be
first a prayer,
That in my touch of other hearts
I shall not err.
And when I walk my feet shall
take Thy chosen Way,
That those who hold my hand
shall not be led astray!
—Esther Nelsson

(Tri-Town Ambulance & Emergency Rescue Service)

Tri Town Ambulance Service wishes everyone a safe and enjoyable Memorial Day week end.

The next auxiliary meeting is Monday night, June 6 at 7 o'clock at the West Sumner fire station. New members are always welcome. The auxiliary will be planning the fried clam supper on Friday evening, June 17, at the Legion Hall in West Paris.

Congratulations to Chris Hefley, Sylvia Evans and Brad Damm. They took the intensive one day Advanced First Aid and CPR Instructor's Course. Now Tri Town will be able to offer its own training courses. The next one will be starting the first of September.

Safety Tip of the Week:

With Memorial week end, traffic will increase for the summer. Remember, not everyone will know the roads as well as the natives. Drive accordingly, watch the roads carefully. No one wants to spend Memorial Week End in the hospital.

South Woodstock

— Olive Davis, Corres. —

LaForest Twitchell has returned home from the Stephens Memorial Hospital.

Dorothea Hooper is still in the hospital but is improving well.

I had a letter from Lillian Harmon who is enjoying two weeks with Mr. and Mrs. Paul Winkley at Northboro. She will be home soon and will be writing news for the paper again.

Esther Davis had a roof put over her platform. She is planning to have it screened in so she can sit out there and enjoy outdoors free from the black flies and other bugs, in comfort.

Saturday, Mr. and Mrs. Arthur Andrews, daughter Sharon Hoover and girls visited with their aunt Olive Davis, Saturday, the 14th. Arthur tilled the garden, put in the peas and took off double windows with Sylvia's help.

In the evening Lettie, Carl Brooks and Olive went to Bear River to their Youth night.

The cold weather has dampened ones spirit for planting a garden. However the grass is growing. I finally got the tractor out, so chopped at the tall stuff on part of the fields. Tom Schroer helped out so we look better tonight. Dale Buck sharpened the blades this afternoon, so it should work faster.

Some are still having intestinal flu but are better at this writing.

Buster Poland had a sale at the Union Church building this last week.

CARD OF THANKS

I wish to thank everyone who remembered me while I was in the hospital and since I have returned home. Your cards, visits, food and other kindnesses are greatly appreciated.

Leah Deegan spent the week end with Marion Soule, Palermo. They celebrated their birthdays which are just a few days apart.

Joe and Muriel Gilbert were in Lewiston, Monday. Their son, James and his daughter Jennifer, of Westbrook visited them on Sunday. Bernard and Florence Pilotte of Berlin, were down during the week. A not-so-welcome visitor was a moose which walked through their garden.

Warren Merrill also saw a moose a day or so later. They think it is probably the same one and is living in the swamp.

Safety Tip of the Week
—Home Safety for Little Ones
(cont.) Safety in the Bathroom

Bath time is fun time and little hands seek small things to play with or go splash—so—

1. Make sure medicine cabinet is locked or out of reach—all medicine can be dangerous to small children.
2. Put shampoo supplies away.
3. Keep hair dryer, curling irons and similar appliances in a latched cabinet.
4. Make sure hot water isn't turned on by the child (he might get burned).
5. Store all toilet bowl cleaners out of reach—in a locked or latched cabinet if possible.

Next week watch for safety tips for all around the house.

Meals and Lodging Tax

The alleged bill that everyone was talking about and nobody had seen has finally surfaced. LD1584 —"An Act to Repeal the Sales Tax on Meals and Lodging and Establish a Meals and Lodging Tax for the Purpose of Stabilizing the Property Tax", had a hearing before the Taxation Committee last week.

One of the principal features of the proposal would be to change the current 5% sales tax on meals and lodging to a 7% meals and lodging tax. This would generate sufficient revenue to increase the State - Municipal Revenue Sharing Program (MRS) from its current 4% to 5.75%, effective January 1, 1984, and also to fund the expanded tourism promotion program. The MRS program would be increased to 6.75% during the second year of the biennium (July 1, 1984 to June 30, 1985). These percentages would be based upon the receipts by the state from the sales and use tax, the corporate and personal income taxes, and the new meals and lodging tax which would be established by this bill.

The proposal would also require tax bills sent out by municipalities to include a statement or calculations that demonstrate the reduction in the individual's property tax which was made possible by the receipt of MRS funds.

At this time I am opposed to this legislation because:

There is no sales tax in New Hampshire, so a 7% tax in Maine would reduce business along the Maine-New Hampshire border — look at the long lines of Maine cars now travelling to save 5% Maine sales tax.

This could cause serious harm to the restaurant and lodging industry, along with Maine jobs.

This will not provide property tax relief. If communities have the money they will spend it, and there is no guarantee that in the event of a monetary state shortfall the money will go to the communities.

This is a $20.5 milllion tax increase.

Gilead

Louise Loring, Corres.

What a glorious week end this has proved to be, and the event even startled the weatherman!! This is the first time, as I recall, when preparing my column on a Sunday evening—that we have had two fair days in a row. Everywhere you looked today, apple blossoms were bursting out all over, and our little tiny peach tree is alive with its mass profusion of deeply tinted pink buds. The plum tree waves in the languid breezes and its majestic crown, seems to be hiding behind its huge lacy fan, comprised of small delicate white ornamental flowers. Dandelions are popping up everywhere all over the lawn, and the strawberry bed is alive with a carpet of white blooms.

In the woodlands, little purple violets are springing up from their mossy beds and clumps of "bluets" are decorating symetrically odd patches of the landscape, wherever you seem to tread. I spotted a jack-in-the-pulpit obscurely hidden from view from behind a decaying and mossy log. Interspersed around the area were many tiny "wild oats" or windflowers. Every step I took, provided another tantalyzing surprise of color and beauty. It is truly magical, when you stop to think about it awhile, that all winter long, nestled under the frozen earth, these tiny seeds of beauty were sleeping there, only to be awakened by the first tender rays of sunlight, filtering through the tall, stately trees. So please take yourself "five", drop all your cares, and take just a short hike into the forest, cast all your burdens aside, breathe in all these delicate aromas of the springtime, and pause to count your blessings. What a beautiful world we do live in, after all. Let's not forget to enjoy it, to its utmost. And as an added dimension of our new awareness, take a glance at our star studded sky some of these evenings. The planet Jupiter is most brilliant as darkness falls upon all this beauty, outshined only by Venus, which is most radient and brilliant in the west. According to the Almanac, Uranus, which is 1½ billion miles away, can be glimpsed with the naked eye, weather permitting on the evening of May 28. We, the ant-like inhabitants of this small planet, in this vast universe, suddenly find ourselves feeling most humble, and the importance of self—and the errors of our neighbor, should become almost minute. For is it not fathomable to presume in all this splendor of the spring days and the brilliance of the evenings, that indeed, we do have a Divine Creator—(and life for all of us, wherever or however hard the road is to climb) must have been planned by someone, and have a purpose to it??

Thought for the week: Friends, situations, and life styles may change—but the beauty of the creation and the Creator — remains steadfast—for all eternity.

—

The Gilead Women's Club met May 17 at Belanger's Store with seven members present. It was voted to raise the dues to $4 yearly. An amendment will be added to the by-laws on the increase. A beautifully decorated crocheted pillow made by Georgia MacArthur was awarded to Edna DuPont. Members were reminded to bring in their handicrafts for the June meeting, to be sold at Mollyockett Day. Bev Corriveau suggested that flowers be planted around the triangle near the stop sign. All members agreed. Also "Gilead" signs will be erected at either end of town as soon as it can be cleared with the state. Next meeting will be June 21 at the library. Bev Corriveau will bring refreshments. New members are still sought. Remember mothers, they are your children, and your ideas and help are essential. Election of officers took place and the results were: President, Nancy Corriveau; Vice President, Bev Corriveau; Secretary, Lin Chapman; Sunshine Comm.; Georgia MacArthur, and Lin Chapman; Reporter, Nancy Corriveau.

Many from town attended the wedding last Saturday of Elaine Corriveau, daughter of Mr. and Mrs. Yvon Corriveau and James Sweetser, son of Mrs. Esther Sweetser of Bethel. Out of town guests included Mr. and Mrs. Norman Morin and children, Greene; Mr. and Mrs. Gerald Matthews and child, Lewiston; Mr. and Mrs. Hollis Faulkner, Jay; Mr. and Mrs. Yves Corriveau and child, Farmington, N. H.; Darlene Corriveau and children and Warren Parsons, Bath; Marlene Myers and family, Waterville.

Jessica Cantello, granddaughter of Louise Loring, visited her grammie last week end while her mother completed moving arrangements to Orr's Island.

Rachel DeCoster of Canton spent several days last week at her home here.

Timmie Chapman rode in the Bike-A-Thon held recently for the St. Judes Children's Research Hospital, which benefits the study of childhood cancer. Tim rode 20 miles and collected quite a large sum of money for the event, from his willing sponsers.

Louise Loring and Jessica, Beverly Corriveau and children, attended the Spring Concert held at Telstar last Wednesday evening. With such talented musical young people in our area, it seemed a shame that more of the citizens didn't attend this annual event and fill up the auditorium. Too often we hear about the short-comings of our youth, and it brought to mind that their talents and efforts are too often neglected and overlooked within the communities.

Chris Chapman completed the eight week First Aid Course, taught by the B.E.A.R.S., and received recognition for completing the C.P.R. course as well. Chris has also recently advanced, to a second class scout.

Wild River Acres

We are indebted to Mrs. Mildred "Millie" McLain for bringing to our attention the error in the date of the incorporation of the Town of Gilead. It was 1804 not 1809. Thank you Millie.

Visitors on the River for a couple days rest on their flight north, were a dozen or so of the Black Back Arctic Gulls. These birds are very much larger than our common gulls — have a snow white body, with a black stripe on their back. Their wings are grey and black with a spread of nearly 4 feet. Their wings are so long that when perched on a rock they extend nearly a foot beyond their body. They do not seem to fly in formation—but in a group, sort of hit or miss.

We enjoyed the visit of Mrs. Moose twice in one day this past week.

A number of fishermen are trying for rainbow trout, with little luck, so far. Guess they haven't started their spawning run yet. At 6 a. m. this past Sunday, a new small visitor came looking for his breakfast—A tiny fox puppy trotted into the yard unafraid, and cleaned up leftovers in my dog-gies dish!

Week end visitors of Mr. and Mrs. Stanley Moulton were Mr. and Mrs. James Davis, Stephanie and Alison of York. On Friday Mr. and Mrs. Moulton and friend made a trip to Conway to shop.

Although no claim has been pressed in the courts, one in particular has remained unresolved since the mid 1970's.

It was the apparent consensus of Board members that it would be better not to pursue the avenue of a referendum vote on a reactivated Woodstock building proposal in November 1983. It was the apparent feeling of the majority that the political climate for a favorable result might be better a year hence.

Following an executive session for discussion of the matter, the Board ratified a two year agreement with the Telstar Educators Association. The agreement is still subject to action by the Telstar Educators Association.

Report Record Year at Savings Bank

The Bethel Savings Bank held its annual meeting of the Board of Corporators at the Bethel Inn on Wednesday evening, May 25.

Following the election of Stephen Wight as Moderator, Edmond J. Vachon, Chairman of the Board, gave a report on the rapid growth of the bank during the past year, resulting in a record performance while many financial institutions faltered in difficult times during several months of runaway inflation, high interest and severe loss of deposits. These conditions caused many banks to seek refuge in mergers with others in the area or with more distant institutions permissible under the umbrella of a holding company organization. The year noted a marked reduction in the number of banks in the country as a result. But by far the most liberal piece of legislation in banking history, the Garn-St. Germain Depository Institutions Act(became law in 1982 and revolutionized banks into a new role for the future, that of providing broader powers to include real estate, insurance, travel and brokerage services for the accommodation of customers. While the effect of the new legislation is to deregulate the banking industry, it does, at the same time give license for banks to fail as they enter more and more into competitive business.

The Trustees of the Bethel Savings Bank are committed to the continuation of operating a mutual financial institution dedicated to meet the needs of all the people in the area it serves. Its staff of dedicated and talented personnel, with the supportive action of a devoted Board of Trustees, loyal corporators, and customers with a conviction, their needs can be met at a home operation, have contributed to past successes and should be able to meet future challenges.

In the election that followed one new member was added to the Board of Corporators, John E. Grover, owner-operator of The Brass Buckle, clothing store on Main Street in Bethel. The full membership of the Board of Corporators for the ensuing year is: Avery Angevine, Ernest Angevine, Robert L. Blake, Colleen F. Boyd, Donald E. Brooks, Dana G. Brooks, Jr., Norris T. Brown, Raynor K. Brown, Frances M. Clark, Robert A. Crane, Margaret A. Davis, Richard L. Davis, William
